Need more space?

This external SINGLE enclosure offers space for a total of ten SATA I/II/III HDDs. It consists mainly of steel and is therefore stable and dissipates heat particularly well. The cooling of the drives is supported by one big 140 mm fan on the rear and corresponding air intakes inside the doors of the drive bays at the front. The enclosure's doors are individual lockable.

The LEDs of the IB-3810U3 continuously inform you about the operation and disk usage. As a huge data storage, this SINGLE system can present his full functionality and the external USB 3.0 interface with UASP support enables the possibility to use HDDs without any size limitation.
