

AT-LP60xBTBZ

Fully automatic wireless belt-drive turntable

audio-technica

All the benefits of vinyl with wireless freedom.

The LP60XBT turntable combines over 50 years of high-fidelity design with convenient Bluetooth® technology, giving you all the benefits of vinyl with the freedom to connect to the latest Bluetooth® speakers or headphones.

Features

- Bluetooth® turntable designed in Tokyo, Japan by Audio-Technica, renowned for our high-fidelity equipment since 1962.
- Wired or wireless, enjoy the best of both worlds with the LP60XBT.
- Connects to the latest Bluetooth® speakers and headphones.
- Fully automatic belt-drive turntable operation with two speeds: 331/3, 45 RPM.
- Built-in switchable phono pre-amplifier allows you to connect the LP60X directly in to your speaker devices.
- Improved tracking and reduced resonance for smoother sound.
- New Qualcomm® aptX™ codec improves your listening experience.
- Integral Dual Moving Magnet™ phono cartridge with replaceable diamond stylus (ATN3600L).
- Available in a stylish black finish (AT-LP60XBT-BK) or a sophisticated white and black (AT-LP60XBT-WH).

Specifications Headphones
