

KEYBOARDS

KATANA

DESCRIPTION

KATANA is an "1800 Compact" mechanical keyboard (AKA compact full-size). An uncommon layout that packs as many keys as possible into a small area.

KEY FEATURES

- Connecting and disconnecting your keyboard has never been easier. Now with TYPE-C - USB A cable!
- With KATANA software you can select one of the preloaded light effects or set your favorite color from the RGB spectrum. Per-Key RGB is also available.
- For those who prefer a less loud 'click' sound, KATANA comes with Outemu Red Linear Switches. The red switches have an actuation force of 44.1 g.
- (AKA compact full-size) An uncommon layout that packs as many keys as possible into a small area.
- Each key can be set to any of the 16.8 million colors from the RGB spectrum. The customization can be made in the KATANA software.
