Perfect pour from green tea to baby food

With temperature control & keep warm function

Various beverages and ingredients need different water temperatures to bring out their best taste. With the preset buttons on the base of this elegant kettle, choosing the right temperature becomes effortless.

Perfect pour from green tea to baby food

- 4 pre-set buttons for selection of beverages and ingredients
- Keep warm function keeps the water at your set temperature*

Fast, safe boiling

- Durable full stainless steel body for long life
- Micro-mesh filter captures tiny limescale particles
- Flat heating element for fast boiling
- Multi safety system against boil-dry

Simple to fill, use and clean

- Spring lid with large opening for cleaning
- Easy-to-read water level indicator
- Pilot light indicates when the kettle is switched on

PHILIPS

Highlights

4 pre-set temperature buttons

The pre-set temperature settings of 40, 60, 80 and 100°C will ensure that the baby milk, tea, instant coffee, soup or noodles is at the right temperature. Always consult the producer of your drink which temperature should be used to get the best drink.

Keep warm function

The keep warm function maintains the water in your kettle at a selected temperature so you don't need to reboil.

Stainless steel design

Durable full-metal design in food-grade brushed stainless steel for long, reliable use.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Multi safety system

The kettle shuts off automatically when the water is ready, when it is lifted from the base or when there is too little water.

Spring lid with large opening*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Water level indicator

The water level is easy to read with an indicator located underneath the handle.

Pilot light

Elegant indicator light incorporated in the power switch indicates illuminates when the kettle is turned on.

Specifications

Country of origin

- Made in: China

General specifications

- Product features: 360 degrees base, Automatic shut-off, Boil-dry protection, Cord storage, Flat heating element, Non-slip feet, On/off switch, Ready signal, Temperature control, Power-on light, Lid and spout filling

Service

- 2-year worldwide guarantee

Sustainability

- Packaging: > 90% recycled materials
- Stand-by power consumption: <0.5 W
- User manual: 100% recycled paper

Technical specifications

- Capacity kettle: 1.7 L
- Cord length: 0.75 m
- Frequency: 50/60 Hz
- Power: 1850-2200 W
- Voltage: 220-240 V

Weight and dimensions

- Dimensions of packaging (LxWxH): 242x196x250 mm
- Dimensions of product (LxWxH): 230x188x257 mm
- Weight incl. packaging: 1.68 kg
- Weight of product: 1.33 kg
- Micromesh filter: 200 µm
- A-box dimensions (L x W x H): 408x252x516 mm
- A-box weight: 7.22 kg

Design

- Color of control panel: black metal brush line like

Finishing

- Material heating element: Stainless steel
- Material of main body: Stainless steel
- Material switch: Polypropylene

Design specifications

- Color(s): Metal
