

Yeelight Smart LED Bulb M2 (Multicolor)

The Smart LED Bulb M2 (Multicolor) is a seamless product for Google Home: It doesn't have to be connected to the Yeelight app first. It can be added right away to the Google Home app for voice control. The M2 bulb offers atmospheric lighting for every occasion, with 16 million selectable colors, adjustable brightness and color temperature. Thanks to pre-programmed routines and custom routines, your light automatically adapts to your everyday life and creates the perfect atmosphere at home – in the morning, afternoon and evening. The light bulb works as a light alarm clock as well!
