Waffle maker WA 1451

Compact 4x7 waffle maker with fix baking plates in massive die cast aluminum and non stick coating. The waffle maker has Cool Touch handles, an adjustable thermostat, a control light as well as a lock function. Moreover, the appliance can be stored vertically to save some space.

Fritel, Tastefully Created !

- 1400 Watt
- 23 x 22 x 10 cm
- 2,3 kg

Unique product advantages

- Compact waffle maker
- For 2 traditional Belgian waffles
- Fix plates guarantee a fast and optimal heat conduction
- No adherence thanks to the non-stick coating
- Collector for excess of dough
- Opens up to 105°, so the appliance stays open in a stable way
- Continuously adjustable browning of the waffles
- Space-saving vertical storage of the appliance
