# ALUMINUM DOCK FOR MAGSAFE CHARGER
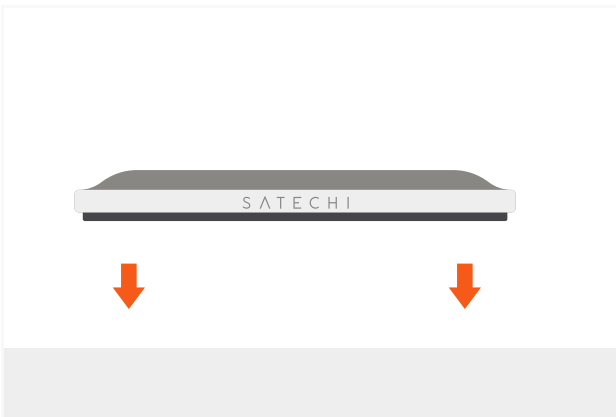

1 Insert your MagSafe Charger into the Aluminum Dock.
Charger itself is not included

**2** Peel off the film on the bottom side of the dock.

3 Gently press the Aluminum Dock onto a flat surface.

4 Place your iPhone 12 on top to start charging.

5 The Aluminum Dock can be removed and placed in a different location if desired, with its micro suction padding.

6 **Note:** our Magnetic Sticker (sold separately) is required for use with iPhone 11 models or iPhone 12 cases without MagSafe.
